Stuck on these themes?

Here are some ideas to help you get inspired:

FOLIAGE FROLIC

Playful interactions with nature: Kids or adults running through leaves, jumping into leaf piles, or throwing leaves in the air.

Animals in the foliage: Capture squirrels, birds, or other wildlife interacting with fall foliage.

Nature's gifts: Capture the beauty of simple elements like a single leaf, acorn, or a patch of late autumn sunshine as a reminder of nature's quiet blessings.

GRATITUDE GLIMPSES

Small gestures of kindness: A hand passing a cup of warm cider, or a child's handwritten note to a parent.

Gatherings of friends or family: Cozy, intimate shots of shared meals or quiet moments.

Harvest-themed scenes: Farmers markets, baskets full of seasonal produce (pumpkins, apples, squash), tables with an abundance of food.

TWINKLING TRADITIONS

Candles glowing in windows or on tables: A family lighting candles for traditions like Hanukkah or Advent.

Twinkling trees: Christmas trees or other festive trees covered in string lights and ornaments, shot both up close and from afar.

Winter markets or festivals: Glowing market stalls decorated with lights, people sipping hot cocoa, or browsing festive goods.
